No other sponsor may be involved in qualifying classes.

Shows may charge an entrance fee for each qualifying class.

IPS RULE HEIGHT OBJECTIONS

40. a) Any dispute or complaint in respect of the Height Certificate must be referred to the I.P.S Measuring Scheme sub-committee at the I.P.S. Secretariat and will be dealt with in accordance with their rules. No height objection may be made against a pony measured in the current year except by the I.P.S. However, if the pony remeasures at its current height, the complainant will forfeit the €100 fee.

IMPORTANT NOTICE to Animal Owners involved in Showing Animals.

INTENDING EXHIBITORS ARE ADVISED TO ENSURE THAT THEIR PUBLIC LIABILITY POLICY COVERS THE EXHIBITION OF LOODSTOCK/LIVESTOCK AT PUBLIC SHOWS.

The Irish Shows Association would advise all Animal owners who have their Animals Insured to have the Insurance cover extended to cover them while showing animals at Shows, we understand cost is very little or nothing at all. If you are one of the few who don't have cover we would advise that you consider putting it in place for this purpose. The reason for this advice is to protect yourself in the event of your animal lashing out and injuring someone or damaging someone's property.

Special Notice:

Exhibit Numbers For General Section Must Be Collected In The Craft & Home Produce Marquee.

Exhibitors in the General Section will receive a duplicate exhibit number. Please attach one of these to your exhibit and retain the copy number. This number will be necessary when claiming property from the Stewards at 4.30 p.m.

People exhibiting are doing so at their own risk and the Show Society will not be responsible for any loss, damages or injuries. Exhibitors are responsible for looking after their own exhibits on Show Day.

DO NOT SEND GOODS FOR DISPLAY THROUGH POST

The person to whom a cup or trophy is awarded shall give security to the Society that the same will be delivered up in as good condition as it was received, at least one calendar month previous to the date of the succeeding Show, or in the event of no Show being held before 30th June following Show at which it was awarded. The Society reserves the right of altering the Conditions of Competition for any of the Cups, etc., for the future shows or of with-holding same if the judges do not find sufficient merit.

CATTLE

IMPORTANT INFORMATION FOR ORGANISERS OF SHOWS AND EXHIBITORS OF CATTLE

SPECIFIC REQUIREMENTS – CATTLE

The following changes are being introduced for keepers of bovine animals who wish to show cattle – these changes apply from the 2013 Show season.

Keepers of cattle are now required to obtain a Certificate of Compliance prior to the movement of an animal to a Show. Certificates of Compliance can be obtained online from the Animal Identification and Movement (AIM) system through the www.agfood.ie facility or from the Cattle Movement Notification Agency.

When applying for a Certificate of Compliance, keepers should not specify a destination herd.

On the day of the Show, the Certificate of Compliance should be presented to the Show Coordinator along with the bovine passport for the animal.

The keeper and the Show Coordinator will then sign the Movement Notification section of the Certificate which will then be sent to the local DVO for recording onto the AIM system.

Please note that only cattle for which a valid Certificate of Compliance is provided to the Show Coordinator will be allowed to be shown on the day of the Show.

These Certificates will replace the previously used CMM4 forms.

Sheep

(Judging 10:30a.m)

Department of Agriculture and Food and the Marine 2013
Specific Requirements - SHEEP
Identification

All sheep must be identified individually with appropriate ear tags issued in accordance with the requirements of the National Sheep Identification System (NSIS).

Movement Documentation

All consignments of sheep being moved must be accompanied by a completed dispatch document. Individual details of each sheep in the consignment must be recorded on the document. Sheep from non-restricted flocks only can be moved to shows. In the case of flocks restricted following diagnosis of scrapie, sheep possessing the ARR/ARR genotype only may be exhibited. The movement of these ARR/ARR genotype sheep must be accompanied by the relevant movement permit (SCR/10), which can be obtained from the local District Veterinary Office in the county where the flock is located.

AIM Notification

The movement of sheep to and from an Agricultural Show within the State must be recorded on AIM. This is done using a copy of the owners sheep dispatch document as follows:

1. The owner/keeper presents the signed and completed dispatch document to the show Coordinator who checks it to ensure that it is completed in full.
2. The show Coordinator fills in the MART section of the dispatch document with (i) the show number, (ii) the date of the move back to the source holding, (iii) stamps it with the show stamp, and (iv) signs the dispatch document.
3. The show Coordinator then forwards the completed pink section of the dispatch document to the local DVO within 7 days of the show movement.
4. The show Coordinator keeps white copy for his/her records.
5. The source/destination keeper keeps the bottom yellow copy to enter in into their flock register.
Ultimate responsibility for fulfilling this requirements lies with the Show Coordinator.

Flock Register

All movement of sheep to and from shows must be recorded in the keeper's flock register.

Exports to Northern Ireland

All sheep must be accompanied by a TRACES intra-community trade certificate, will be sent for each animal or consignment being dispatched to the show (this will be performed by Department officials of the DVO). Exhibitors are advised to contact the show society in Northern Ireland well in advance of any show to determine the suitability of the show for return of animals (e.g. premises and sheep status), and whether the authorities will have officials and veterinary staff present to supervise and process documentation for animals returning to origin.
