# CATTLE

## IMPORTANT INFORMATION FOR ORGANISERS OF SHOWS AND EXHIBITORS OF CATTLE

### SPECIFIC REQUIREMENTS – CATTLE

The following changes are being introduced for keepers of bovine animals who wish to show cattle – these changes apply from the 2013 Show season.

Keepers of cattle are now required to obtain a Certificate of Compliance prior to the movement of an animal to a Show. Certificates of Compliance can be obtained online from the Animal Identification and Movement (AIM) system through the [www.agfood.ie](http://www.agfood.ie) facility or from the Cattle Movement Notification Agency.

When applying for a Certificate of Compliance, keepers should not specify a destination herd.

On the day of the Show, the Certificate of Compliance should be presented to the Show Coordinator along with the bovine passport for the animal.

The keeper and the Show Coordinator will then sign the Movement Notification section of the Certificate which will then be sent to the local DVO for recording onto the AIM system.

Please note that only cattle for which a valid Certificate of Compliance is provided to the Show Coordinator will be allowed to be shown on the day of the Show.

**These Certificates will replace the previously used CMM4 forms.**

All sheep must be identified individually with appropriate ear tags issued in accordance with the requirements of the National Sheep Identification System (NSIS).

**Movement Documentation**

All consignments of sheep being moved must be accompanied by a completed dispatch document. Individual details of each sheep in the consignment must be recorded on the document. Sheep from non-restricted flocks only can be moved to shows. In the case of flocks restricted following diagnosis of scrapie, sheep possessing the ARR/ARR genotype only may be exhibited. **AIM Notification**

The movement of sheep to and from an Agricultural Show within the State must be recorded on AIM. This is done using a copy of the owners sheep dispatch document as follows:

1. The owner/keeper presents the signed and completed dispatch document to the show Coordinator who checks it to ensure that it is completed in full.
2. The show Coordinator fills in the MART section of the dispatch document with (i) the show number, (ii) the date of the move back to the source holding, (iii) stamps it with the show stamp, and (iv) signs the dispatch document.
3. The show Coordinator then forwards the completed pink section of the dispatch document to the local DVO within 7 days of the show movement.
4. The show Coordinator keeps white copy for his/her records.
5. The source/destination keeper keeps the bottom yellow copy to enter in into their flock register.

**Flock Register**

All movement of sheep to and from shows must be recorded in the keeper's flock register.

**Exports to Northern Ireland**

All sheep must be accompanied by a TRACES intra-community trade certificate, will be sent for each animal or consignment being dispatched to the show (this will be performed by Department officials of the DVO). Exhibitors are advised to contact the show society in Northern Ireland well in advance of any show to determine the suitability of the show for return of animals (e.g. premises and sheep status), and whether the authorities will have officials and veterinary staff present to supervise and process documentation for animals returning to origin.
